By selecting the option "**show on map**", the following activities of interest can be displayed individually or all together on the map.

The screenshot shows a user interface for a map application. At the top left, there is a checkbox labeled "Show itineraries" which is currently unchecked. To the right of this is a "Map help" link with an external icon. Below the checkbox is a "Rating filter" section with a dropdown menu set to "Show all". To the right of the dropdown are two buttons: "Center" and "View". Below these elements is a "View map" section containing a grid of nine activity categories, each with a checked checkbox: accommodation, shopping, administrative buildings, leisure and culture, landmarks, others, bars and restaurants, transport, and select all.

The results can be filtered by selection "**adapted**" or "**usable**". Once you have selected an option, click on "**show on map**" to see the results.

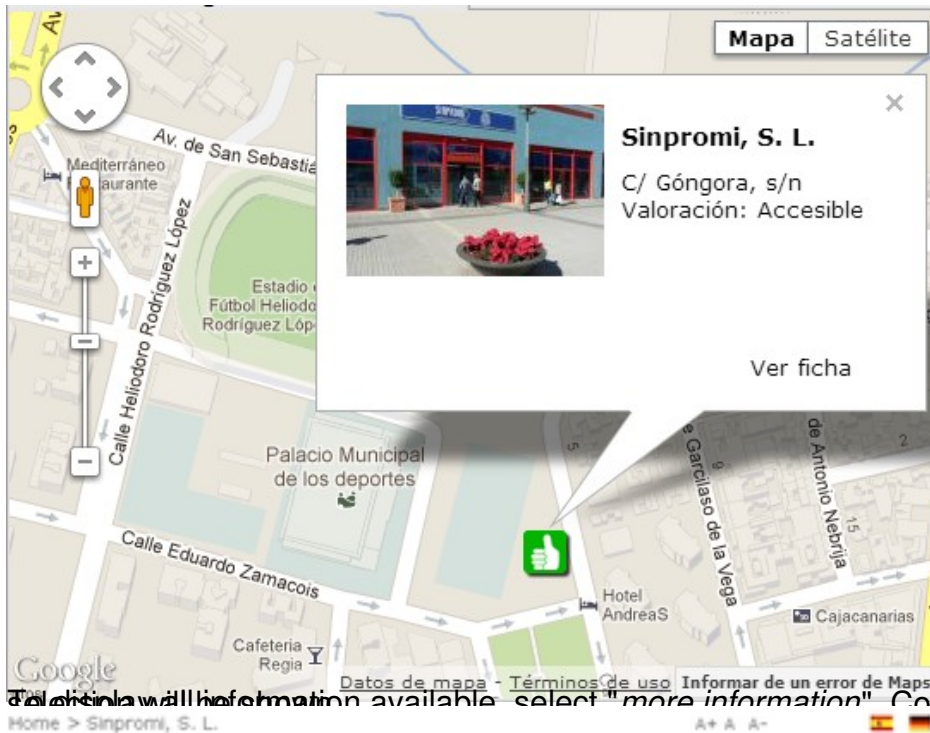

After making your selection, press "show" to see the results on the map. The routes have been tested by

The degree of accessibility is represented by the following different coloured lines, which indicate their

- Accessible route (zone of free passage more than 1.20 meters, lengthwise slope less than 6%, sidewalk)
- Acceptable route (zone of free passage between 1.20 and 0.90 meters, lengthwise slope of 6% to 10%,
- Use possible route (zone of free passage less than 0.90 meters, lengthwise slope of more than 10%, un
